

CHRISTIANS TOGETHER IN JERSEY

## HOUSING TRUST

### Vacancy for Trustees

CTJ Housing Trust has provided social housing in Jersey for over 20 years and has funds to provide more - especially for disadvantaged families and individuals.

Further details can be found on our website: [www.ctjhousingtrust.org.je](http://www.ctjhousingtrust.org.je)

We currently have ten Trustees, but two are intending to retire from the Trust in 2020/2021 and we are seeking to recruit replacements. One of the retiring Trustees is the Treasurer, who is a qualified Accountant with a background in financial services. We envisage that his replacement will be familiar with the preparation of Accounts and with the financing of projects. Because the Trust's objective is to provide housing in Jersey for those in need, experience with housing projects would be an advantage, but is not essential. The other retiring Trustee is a former Bank CEO who has many years' experience of banking and financial services.

CTJ Housing Trust would therefore welcome applications from interested individuals, particularly those with skills in financial management, although all applications will be considered.

This is an honorary position.

The Board meets formally four times a year and in addition there are occasional ad-hoc meetings to deal with specific issues.
